ALTO HEIGHT ADJUSTABLE DESK – MODEL 101

ALTO utilises European design and technology and is constructed with a sturdy steel frame, being powered by motor drives. Maximum height is achieved via telescopic legs. Alto's operation allows the user to easily adjust the worktop height to their individual preference. The master controller also allows the user to set the minimum and maximum heights as well making it perfect for the home or corporate office alike.

It is compatible with CSM's various screen systems & accessories.

Available with white or black powder coated frame Only
