Certification

The new STARK ERGOGEL chair takes the very popular STARK Range to another level

Enjoy the comfort of the Stark Ergo-Gel Memory foam lumbar support. You can feel the backrest as it slowly moulds to the shape of your back. The lumbar pump and backrest height adjustment both add to the fine tuning that gets your backrest to feel perfect.

So, what's different about the Stark Ergo-Gel chair?

- Ergo-Gel™ Gel Memory foam lumbar support
- Warwick Dolly fabric with 3-year warranty
- Foam backed fabric on the backrest for added comfort
- Premium stitching details

STARK is a superior range of ergonomic office chairs. Extensive testing, research and trials have led to the development of the Stark range, designed with the health and well-being of the user in mind.

One of the unique features of the Stark Range is the availability of ergonomic choices and customised options which allow the user to style a chair to their personal seating requirements and enjoy an enhanced seating experience. Stark chairs are fully upgradeable, with a selection of interchangeable component options.

The majority of the Stark range have AFRDI L6 accreditation for severe commercial use, with a fully certified 24/7 multi shift model as well. They conform to AS/NZS4438-1997, ensuring you are purchasing a quality product, designed to last.

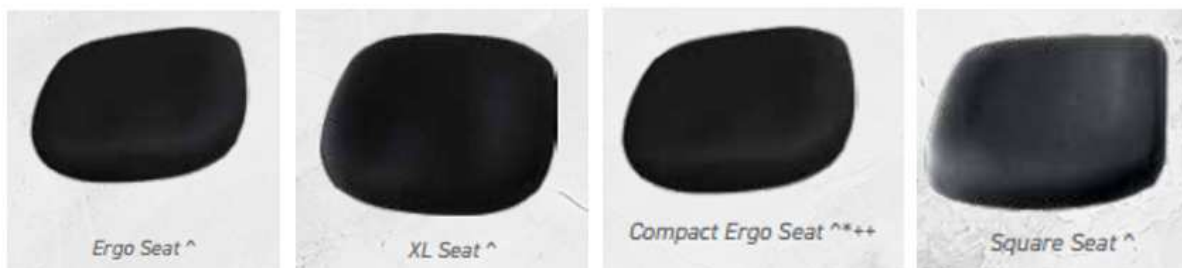

You can fully customise the chair by selecting, the back type, size, seat type & size, with or without arms, mechanism, gas lift height, Nylon black or polished base.

Stark Ergo-Gel is customisable with the below options:

Back Options:

Seat Options:

Mechanism / Arms / Base options:
