CSM Recycling Stations promote a more eco-conscious workplace culture. Supporting the sustainability of the contemporary workplace, CSM Recycling Stations are a touchless and convenient waste management solution, allowing for greater hygiene and greener outcomes across a range of workplace settings.

Guaranteed to perform, CSM Recycling Stations are designed and manufactured in Australia by CSM.

This entire CSM Recycling Stations range can be refinished, refurbished and reused at end of useful life. Cabinets can be resprayed and reused, and upscaled for use elsewhere in your business or another business setting. CSM expertly assesses each cabinet ahead of reconditioning and can store units before returning them to new or current sites.

Front (3/4 View)

Available as a 2 door single unit or a 4 door double unit depending on your waste management requirements. Vinyl stickers can be specified for easy ID and waste management.

Whether in standalone units or integrated with a range of CSM lines (including Workbars and Locker Cabinets), CSM Recycling Stations are constructed from high-strength 1mm steel and engineered for durable performance. Bespoke solutions are available for clients wanting a tailored and refined workplace environment.

Dimensions (mm) – exclude side panels, infills, top panels and bulkheads for alcoves & niches

Style	Product Code	Width (W)	Depth (D)	Door Height (DH)	Feet Height (FH)	Overall Height (OH)
